## EXCITEMENT DURING TAX FIX HEARING

Washington, Dec. 21.—(P)—Henry (The Dutchman) Grunwald refused today to testify to a house committee investigating tax scandal.

Grunwald said he was acting on advice of his attorney.

"The Dutchman," a mysterious man-about-Washington, was called before a house ways and means subcommittee for questioning as to whether he knows anything about an alleged \$500,000 "tax fix" racket.

Maloney, a former Justice Department lawyer now in private practice, had insisted Grunwald should not give testimony except in a public hearing. The committee members wanted to talk with Grunwald behind closed doors before holding any public session.

They got Grunwald and Maloney before them behind closed doors this morning, but the lawyer insisted on a public hearing even in the face of threats of contempt action against Grunwald.

So the doors were thrown open. Grunwald wouldn't talk.

This brought on an angry exchange between the committee and Maloney.

Maloney was threatened with forcible removal from the committee room when he insisted on his right to make a statement which he said was intended to "lay the basis" for Grunwald's refusal to testify.

Acting Chairman Keogh (D-NY) attempted to cut off Maloney and, bawling his guff, threatened to throw Maloney out.

Finally the committee permitted Grunwald to read the statement which Maloney had prepared.

The statement said Grunwald was "out of the hospital" and "still a very sick man."

## Commutation Signed by Fine Recalls One of the County's Most Sensational Court Cases

Word has been received from Harrisburg that Governor John S. Fine on recommendation of the State Pardon Board, has signed three pardons and 28 commutations of sentences.

Included among the commutations, making those named eligible to parole, is John G. Polens, Warren county, first degree murder.

The commutation makes Polens eligible for a parole.

The governor's action recalls one of the most sensational crimes and court trials that ever occurred in Warren county, starting on a blustery night in March, 1936, when a mysterious stranger who stopped at the Youngville Airport Inn, engaged its proprietor, Metro Seminuk, in conversation, and shot him before speeding away in the darkness.

With state police from the Kane sub-station joining in the investigation launched immediately by county officials, events moved swiftly, and on March 31, a man identified as Joe Senauskas, who had a number of aliases, was arrested at the home of Mike Kowalski at Colza, near Corry, as a suspect in the crime.

April 5, Polens, a former justice of the peace at Garland, was arrested in Pittsburgh as second suspect. April 8, of that year the officials announced they had signed confessions from Senauskas and Polens, fixing the former as the actual killer.

It was on May 13 that Mrs. Mary Seminuk, widow of the slain man, and her mother, Mrs. Nora Zurkin, were arrested by police as material witnesses, and on May 22 Mrs. Seminuk was arrested on a charge of murder.

The trials were held in June of that year, and after true bills were returned in the three cases, a jury selected to try Senauskas, the latter along with Polens, changed their pleas from innocent to guilty. A jury found Mrs. Seminuk guilty of second degree murder, after deliberating six hours and ten minutes. Hearings were held to determine the degree of guilt of both Senauskas and Polens, and in the meantime Mrs. Seminuk was sentenced to serve from one and one-half to three years in Muncy Industrial Home for Women.

June 23, Polens and Senauskas were sentenced to death in the electric chair, and there followed a long, legal battle by friends of both Senauskas and Polens to save them from execution, their efforts being finally rewarded when on December 13, 1938, the sentences were commuted to life imprisonment.

In the meantime Governor George H. Earle had set five different dates for the execution of the men and as many respites were recommended by the Pardon Board. The fight to save the men was based mostly because of the fact that Mary Seminuk, accomplice in the case, received a light sentence of eighteen months, only a portion of which she served.

## Weatherman Says Spell of Mildness Will Not Last Long

A warm front of air which caught even forecasters by surprise thawed out Pennsylvania today, but it appeared the spell of mildness will be brief.

Heavy rains late yesterday and last night washed most highways clean of the slick ice which for days has made motor travel hazardous. Nevertheless, auto drivers continued to move warily, as dense fog settled over many areas through the wet night and early morning hours.

The official beginning of winter today brought further rising temperatures across the state, with the likelihood that the mercury would reach the middle or upper 40's in the west and near 60 in the southeast. Weathermen said more rain will come today, but that it probably will be light.

By night blustery winds are expected, whipping in more cold and (Turn to Page Thirteen)

## BULLETINS

Washington, Dec. 21.—(P)—Republican Senator McCarthy, who is bidding for re-election next year, today challenged President Truman to campaign against him in Wisconsin.

Paris, Dec. 21.—(P)—The United Nations political committee gave the United States a vote of confidence today by rejecting Russian charges that the U. S. was supporting anti-Kremlin plotters on Soviet soil.

Washington, Dec. 21.—(P)—The United States today waived restrictive clauses of the Italian peace treaty, including limitations on Italy's armed forces.

Seoul, Dec. 21.—(P)—Allied fighter planes swept across northwest Korea in misty weather today and blasted out gaping cuts in Communist rail lines.

Paris, Dec. 21.—(P)—The United Nations General Assembly today slightly reduced the United States' share of U. N. costs but turned down an American appeal for an even larger cut.

## NO PROGRESS REPORTED IN STEEL PARLEY

**BULLETIN**  
Washington, Dec. 21.—(P)—Government mediators concentrated on the management side of the strike-threatened dispute today as high level negotiations were resumed.

Cyrus S. Ching, director of the federal mediation and conciliation service, started a second day of peace talks by conferring with representatives of 10 steel firms. He was to talk with CIO President Philip Murray and other union representatives.

Washington, Dec. 21.—(P)—Government price officials today apparently held the key to a door which federal mediators might open to avert a threatened steel strike.

With the New Year's Day strike deadline of the CIO Steelworkers only ten days away, Chief Mediator Cyrus S. Ching reported a complete lack of progress in negotiations.

"It seems to me it's a major domestic crisis," Ching told newsmen.

Ching plunged ahead today, however, with his conferences with CIO President Philip Murray and representatives of ten steel firms seeking some way out of the impasse.

Murray's demands for an average 18 1/2-cent hourly pay boost for steelworkers—including a 15 per cent general increase, plus job rate changes estimated to cost 3 1/2 cents per man—have been met by no counter-offer to date from the steel companies.

Steel workers now average just a little under \$2 an hour.

The industry takes the position it must get price relief for any wage concessions it makes. It has contended that every cent-an-hour in increased wages costs the industry 20 million dollars a year.

Price Stabilizer Michael V. DiSalle has been having talks with steelmen on how much they can expect under the Capehart provision of the Economic Controls Act. This permits price boosts to compensate for increased labor and other costs up to last July 26.

DiSalle and other officials have conceded that the steel-makers have something coming under the Capehart provision (named after one of its authors, Senator Capehart, Indiana Republican).

DiSalle has insisted, however, that the steel companies can expect no price revisions to pay for new wage concessions.

## Forgery Charge Is Preferred Against Pittsfield Resident

William E. Miller, 23, of Pittsfield RD 2, is in county jail on a charge of forgery, preferred by city police. Miller was arrested Wednesday by Constable James Higginbotham, of Conewango township, after a warrant charging him had been issued.

When arraigned before Justice T. M. Greenlund yesterday afternoon, Miller entered a plea of guilty and was bound over to Court. He was remanded to jail in default of bail of \$2,000.

His apprehension came as the result of forgery of the name of Ben McCrary, of the McCrary Roofing Company, of Erie.

According to Police Chief Mike Egan, Miller is alleged to have visited McCrary at his residence on Hickory street to talk about employment. While there, Miller is supposed to have stolen a blank check which he took to his room and filled out in the sum of \$25, cashing it at the Loblaw store last Friday. Presentation of the check at the bank led to the search for him.

Miller was sentenced to the Allegheny County Workhouse for a term of two to four years when he appeared before Judge Allison D. Wade in September, 1948, on a charge of larceny preferred by state police.

**GALLOPING GHOSTS OF PLEASANT TOWNSHIP**—Before today's sun turned them into water the two snow horses pictured above graced the lawn of Mr. and Mrs. Paul E. Anderson, Crestview Boulevard, Pleasant Township. They were built during the thaw of Thursday afternoon and this morning by "Punkie" 12-year-old daughter, astride the horse on the left, and "Paulie", 11, her brother. Early this afternoon we were informed the "horses" had vanished under the rays of a balmy December temperature of 46 degrees—just fifty-two degrees warmer than the season's record cold of 6 below last Monday.

## House to Vote on the Last Major Issue Up for Action In Drive to Adjourn Tomorrow

Harrisburg, Dec. 21.—(P)—The house called for a vote today on congressional reapportionment, the last major issue up for action in a drive to adjourn tomorrow.

Speaker Herbert F. Sore (R-EK) predicted easy passage of the redistricting bill. By nightfall, he said, the senate will have concurred in minor house amendments and sent the measure to Gov. John S. Fine.

Only a host of appropriation measures and relatively minor legislation remained on the agenda in both the house and senate.

The 1951 legislature already has established a record as the longest session in Pennsylvania history. It convened last Jan. 2.

Last night, the senate disposed finally of the loyalty oath bill by agreeing, 35-9 to extensive house amendments. The disputed legislation went to the governor for signature.

Nine Democrats voted against the bill after Republicans defeated an 11th hour attempt to delay action by sending the measure to a conference committee.

The senate vote was the culmination of 11 months of bitter dispute among many organizations concerning merits of the bill.

Chairman James S. Genger (R-Potter) of a special senate investigating committee said a report will be presented to the senate today on attempted bribery charges made last week by Sen. John J. Haluska.

The house last night also passed a bill setting up a bi-partisan commission to bring about the merger of Philadelphia's city-county government.

## SNOW SHOVELERS MOB DETROIT CITY HALL

Detroit, Dec. 21.—(P)—Nearly 3,000 men seeking jobs as snow shovelers mobbed a city hiring hall last night.

Ninety policemen were called to restore order as the men pressed around the door of the hall, pushing and shoving to get in.

Police said most of the men were laid-off factory workers seeking money for Christmas. Officials said it was the largest group of job seekers since the depression.

After the men had been lined up, 1,000 were hired at \$1.41 an hour and sent out in gangs of 25 to clear the streets of snow and slush. The other 2,000 were turned away.

## NOTICES FOR SOME, CHECKS FOR OTHERS

From one extreme to the other were the duties of today at the Municipal offices as refund checks were sent out to 74 property owners who had already paid the original assessments levied for street improvements, while notices of the new assessment were sent out to all who had not paid after receiving the previous notice.

A total of \$1,403.70 was sent out in refunds to the 74 taxpayers who already had made payment, and should come in handy just before Christmas.

The notices of assessment, a dubious Christmas remembrance, indicate that payment must be made 30 days hence.

## Car Crash Results In Property Loss Totalling \$2,000

Motor vehicle accidents which resulted in the injury of two persons and over \$2,000 property damage were investigated by city police this morning.

Admitted at Warren General Hospital suffering from a fracture of the right leg and severe lacerations of the right hand was George King, 74, of 1215 Pennsylvania avenue, east, who is an employee of the borough street department.

Driver of the Armour and Company truck which struck King was James Snyder, of Kinzua. City police said that Snyder would be arrested on a charge of driving too fast for conditions.

The accident occurred about 8:30 a. m. as King parked his truck near Frank street on Conewango avenue and was engaged in shoveling out a manhole at the rear of the truck. Snyder was driving north on Conewango avenue, and saw opposing traffic coming south too late to stop.

King was removed to Warren General Hospital by the Templeton ambulance where his condition was pronounced as fair following his admission. Damage to the Armour truck was estimated at \$100, and about \$10 to the boro truck.

An earlier accident, which occurred at Third and Poplar about 6:30 o'clock this morning, resulted in Leroy Graham, 202 Russell street, being treated at Warren (Turn to Page Thirteen)

## Less Than 200 "Glad Tidings" Messages To Be Dispatched by the Defense Dep't

Washington, Dec. 21.—(P)—The Defense Department has fewer than 200 glad tidings messages still to send out to families of American prisoners of war in Korea, but a glimmer of hope remains for those who will not get one.

The Pentagon announced last night it had sent telegrams to next of kin of 3,006 of the 3,198 men whose names were furnished by the Communists in Korea Tuesday.

At the same time, however, the radio in the Red Chinese capital at Peiping continued to broadcast purported greetings from Allied prisoners to their home folks. Some names in the broadcasts were not on the lists handed over at truce negotiations.

It was recalled, too, that Russia's United Nations delegate, Jacob Malik, several months ago produced a peace appeal he said was from Americans captured in the Korean fighting. There were 27 legible signatures and 27 of those names did not turn up on Tuesday's list.

In Korea early today, the United Nations command tackled this issue. A "stiffly worded" note to the Reds asked about some 1,000 Allied soldiers, Americans among them, whose names were not listed.

The 192 names out of 3,198 remaining to be tracked down at the Pentagon presented special problems, mostly some confusion of identity. Military officials were unable to say exactly how long it would take to complete checking on these.

## INSPECTION OF P.O.W. CAMPS IS REQUESTED

Munson, Korea, Dec. 21.—(P)—The Allies today demanded the Reds account for more than 1,000 American and other missing U. N. soldiers and "an unbelievable number" of South Koreans not listed as prisoners of war.

The demand was made in a stiffly worded note. It was handed to a Red liaison officer in Panmunjom shortly after Gen. Matthew B. Ridgway appealed to Communist chieftains to open the gates of North Korean prison camps to the international Red Cross.

These developments came as the Allies offered to give up all islands off the North Korean coast in a move to hasten agreement on an armistice.

The Allied note demanded a complete explanation of "wide discrepancies" between the number of Allied prisoners listed by the Communists and the number the Allies assert the Reds may hold.

The note did not reject the Red list of 11,559 prisoners.

The Reds handed over that list Tuesday.

The U. N. note today said "more than 1,000 of the U. N. personnel named as POWs" in earlier broadcasts by Communist radio "are missing from the roster submitted" Tuesday.

Other new names have been used since then on Red China's official Peiping radio. They were broadcast with purported Christmas greetings from Allied prisoners to the folks-at-home.

The official Red roster named 3,198 Americans, 1,218 other U. N. soldiers and 7,142 South Koreans. The Allies said they hold 123,472 Chinese and North Korean prisoners.

Friday's U. N. note did not say how many of the unaccounted for 1,000 were Americans.

The truce subcommittee on exchange of prisoners will meet Saturday for the first time since Tuesday. The question of what happened to the missing men undoubtedly will be the key to that session.

The Allied offer to withdraw from all coastal islands was made by staff officers to another armistice subcommittee Friday. A U. N. spokesman called it a major concession.

## WHAT, NO TIP?

Philadelphia, Dec. 21.—(P)—A shabbily clothed man ordered and ate one of the most expensive meals on the menu in a midtown restaurant last night. Then, cashier Ellen Penko told police, instead of paying for the dinner he quietly drew a pistol, robbed her of \$40, and sped away.

Miss Penko said none of some 30 other persons in the restaurant knew what had happened.

## Pleasant Twp. Woman Receives Letter From Nephew in No. Korean War Camp

Close upon receipt of official word that her nephew is being held in a prisoner of war camp in North Korea, Mrs. G. P. McCullough of Pleasant township, yesterday received from the young man, S/Sgt. Leon Dale Hawley, USA, the first letter in over a year. Sgt. Hawley wrote to his aunt on Thanksgiving Day, 1950, and the message received yesterday indicates that he has written since, but the 1950 letter was the last word she had in regard to him until the Department of Defense advised her that he was missing in action.

The letter received yesterday was written jointly to Mrs. McCullough and to Miss Bonnie Hinton, 114 Orchard street. It was dated October 25, 1951, and mentioned his receipt of a letter from Miss Hinton a few days before. Sgt. Hawley's letter was written on a peculiar type of note paper, evidently manufactured from straw or rice reed, and enclosed in a brown envelope bearing his return address: "Sgt. Leon D. Hawley, RA13303933, Chinese Committee for World Peace, Peking, China."

Diagonally across part of the envelope was stamped: "Via the Chinese People's Committee for World Peace and Against American Aggression, Peking, China." Across the lower corner was stamped, under Chinese characters, these words: "Service des Prisonniers de Guerre." No stamps were affixed to the letter, postage due in the amount of 15 cents being claimed at the end of the letter's long journey.

Sgt. Hawley's message to Miss Hinton said, in part:

"I can tell you a little about the place I am in. If you didn't know better, you wouldn't think it was a P. O. W. camp. In the camp itself are four companies. All the sergeants together and all the privates together. The camp is right beside a river in which we could swim this summer. Each company has a basketball court. Each company has a library and by the way, that's where I am now. Each company is broken down into squads, ten men each, and at least two rooms to sleep in. We get our 'chow' by boat, also our fire wood. We get everything we need like soap, tooth powder every month. We get to tobacco and sugar every ten days. So you can see by that I have a pretty good life even if I am a P. O. W. Nothing like the last war when men were prisoners of (Turn to Page Thirteen)

## Graveside Rites for Little Victim Of Lander Fire To Be Held on Saturday

While arrangements were being made today for funeral services for little Vernon Roberts, 6, victim of a tragic fire at Lander, early Thursday, when the home of Mr. and Mrs. Jay Cowles, where they cared for eight wards of the county, was completely destroyed, plans went forward for Mr. and Mrs. Cowles to gather the children together in a new home.

Major Charles Schaffer, commanding officer of the Salvation Army in Warren, and Rev. Gustav Erickson of the Lander Methodist church, will conduct graveside services for the unfortunate child at 9:30 a. m. Saturday in Pine Grove cemetery, Russell, where commitment will be made.

Surviving are the mother, Mrs. Rosetta Fellows Roberts, New Bethlehem, and the following brothers and sisters: Charles, Jr.,

## SAFETY PLEA ISSUE BY STATE OFFICIAL

Harrisburg, Dec. 21.—(P)—The chairman of the Governor's Highway Safety Committee has urged Pennsylvania motorists to refrain from drinking while driving over the Christmas holidays.

Otto F. Messner, state revenue secretary and head of the highway safety group, also told holiday hosts:

"Make the last drink of the evening 'the one for the road'—coffee or some other hot, non-alcoholic beverage. More of your guests will get home safely."

TOUGHER NUT FOR PEACE NEGOTIATORS

Now that the exchange of prisoners has at least a start in Korea, in the opinion of Sigrid Arne, Associated Press news analyst, the truce negotiators face cracking a much tougher nut.

Arne says the negotiators must work out some sort of supervision of the armistice. If they succeed they will have forced the Communist world to back down on one of its cardinal principles—secrecy. Foreigners would be permitted not only to travel over Red territory, but inspect Red communications centers.

For that reason the talks ahead may be more difficult than the ones which resulted in an exchange of prisoner-of-war lists.

And as usual, in dealing with Communists, U. S. negotiators are wary of delays and traps.

So far the U. N. has been represented in these armistice supervision talks by Maj. Gen. Howard M. Turner. He has had to do some straight talking. Nothing seems jelled, except that both sides appear to agree there must be supervision.

Here are the major points which Gen. Turner is asking:

1. Unlimited rotation of U. N. troops. At first the Reds objected, and then conceded the U. N. could rotate 5,000 troops a month. Turner rejects any limit.

2. The U. N. wants the right of air reconnaissance for the supervision authority. It is a natural hedge since several times in the past year U. N. planes have spotted long, new, Red supply convoys coming down through North Korea.

3. The U. N. wants free supervision of all ports of entry whether by land, sea or air, and supervision of all important communications centers.

4. The U. N. wants agreement that both sides will stop all new airport construction. The Reds are building three new air strips in North Korea for the new jets that are showing up in their air force.

This program, Turner's team thinks, would prevent the Reds from building up any surprise attack in North Korea.

Of course these agreements would have to be a two-way street, if they are ever made. If observers can inspect a Red communications center, they can also look over a U. N. center.

The Reds have made practically no commitments on this program except that there should be supervision.

TRAGEDY STRIKES THE COUNTY

The entire county joins in the general sorrow that envelops the area this Christmas season as a result of the tragic fire in Lander Thursday that claimed the life of a young county ward who was the idol of the folks in that enterprising community and divested a popular family of every worldly possession excepting the clothing they were wearing when they were compelled to flee from the burning inferno that had been a happy home for four adults and eight children.

The tragedy dims the pleasure of the yuletide season, not only for the grief-stricken relatives of the young victim, but for all who had enjoyed the happy associations of Vernon Roberts, his brothers and other children who were wards in the home that was destroyed.

The Russell Fire Department has taken the lead in raising a fund for the Cowles family and their charges, and the response has been most encouraging. Everyone has an opportunity to contribute to the fund, which is explained in detail on another page of this issue.

This is a grim reminder that immediately ahead are the Christmas and New Years holidays, times of joy and happiness, times for family reunions and good will among men.

For most of us, the days will be just that. But for some, as is the case in Lander and vicinity, tragedy will strike in the form of serious accidents, fires or other violent deaths.

Remember! The constant, cheerful, clinking of coins in every corner kettle will keep the pot boiling. The Salvation Army Christmas Kettle of good cheer and assistance for those in need.

Since it's now far too late to do your shopping early in the season, you may still do it early in the morning.

They Knew He Was Coming—

Here And There

This is the busy season but no one we can think of right now seems to have more to do than the men connected with the Pleasant Township Volunteer Fire Department. What with their personal activities in connection with Christmas and department affairs, the boys are busily engaged in operating the former Highhouse ice skating rink, and they're doing a swell job at it. The almost constant fall of snow the past few days has made it necessary for the boys to keep the plow on the tractor going most of the time and especially in the evenings. Operating the ice skating rink is one of the most ambitious projects the Pleasant firemen have undertaken, and they have put over some programs that really took a lot of work and planning. Most every evening now you can see the firemen heading toward Highhouse pond from all directions, and most of them are carrying some kind of a work tool. We discovered on a visit there the other evening (without our skates) that each has his own particular assignment, such as cashier, instructor, tractor operator, custodian of the skate room, clerk at the candy counter, etc., and they are all Johnny-on-the-spot when operations get under way. Word has circulated pretty well through the township and Warren borough about the rink and the fine service the firemen are giving to patrons, and we join with the department and other interested persons in hoping that the weather will continue in a manner that will make it possible for the firemen to feel themselves well rewarded for their efforts to replenish the treasury and provide good, wholesome, invigorating winter sport for youngsters and grownups who enjoy ice skating.

recently gave to Major Charles Schaffer, of the Salvation Army, \$150 to finance baskets to be taken into twenty homes of deserving people... The street department deserves a word of praise for the manner in which thoroughfares in the borough have been kept open despite the heavy fall of snow this week... In the meantime motorists are warned to drive with caution and above all do not park cars on the streets during the early morning hours... Fifty years ago last evening, according to an item in The Evening Times of December 20, 1901, "a new organ was dedicated at Emanuel Reformed church, Gladerun, with appropriate ceremonies in charge of the Rev. J. Dahlgren, D.D., assisted by the Rev. L. Selzer, of Titusville, who preached the dedicatory sermon"... Bowling activities in and around Warren right now are confined mostly to mid-winter tournaments with the keggers hanging up some pretty good scores in all alleys... Members of the Warren County Bar Association will be interested in learning that Judge Lee A. McCracken has returned to his duties in Venango county after a siege of illness.

Spanish People Are Happy Despite Primitive Conditions

BY PETER EDSON  
NEA Washington Correspondent

MADRID—(NEA)—A 2500-mile motor trip down the western side of Spain, across its middle and up the entire Mediterranean coast line, reveals conditions and contrasts which are unbelievable unless actually seen.

The luxury and wealth found in Madrid, Barcelona and the Atlantic coast resort city of San Sebastian is a bitter commentary on the extreme poverty seen everywhere in rural Spain.

It is like going from New York's Fifth Avenue to America's most backward rural slum. Only in Spain, the jump can be made in half an hour's drive, instead of 1000 miles or so.

It isn't in the Moorish palaces, the Alcazars, the reminders of Visigothic conquest. It is a living thing.

On all too many roads of Spain you see repeated reminders of Bible stories. Mary and the Child riding to town on an ass, followed by a ragged Joseph on foot. Only sometimes it is the Joseph who rides and the Mary who walks.

You see men plowing fields with short-handled mattock-hoes, the only tool they own. Some, better-off, plow with a steel-pointed crooked stick. They walk miles to their fields from their village homes, plodding slowly behind low wheeled donkey carts or pack mules.

In the villages modern Rebecas gather at the wells and carry water home in huge earthen jars. They wash clothes in cold water streams or at public "laundries" near the well. Often there is no soap. The clothes are spread on bushes to dry.

Shepherds with their feet and legs bound in rags, a blanket their only protection against rain or cold, tend flocks of sheep and goats along every road, over-grazing the already impoverished soil.

They thresh their wheat as it has been done since Bible times—draft animals dragging a log over the straw.

And the people work long hours, steadily, cheerfully, carrying intolerable loads on their own backs when they are too poor to own any beast of burden.

Their poverty finally gets you. Construction workers and farm hands may earn 20 pesetas, equivalent to 40 cents a day in the U. S. Police get \$12 a month. Office workers and teachers \$16 to \$20. Prices and living standards are definitely kept down.

The average per capita income is estimated at \$120 a year. That is lower even than Italy's \$200. There are beggars everywhere.

BREAD and edible oils, principally olive oil in which everything is cooked, are rationed. The bread ration is the lowest in Europe—about five ounces per person.

It doesn't make sense. There were olives rotting on the ground all over Spain, or being fed to pigs.

An American county agent from Texas, long resident in Spain, says they could easily increase their wheat yield by modernizing their farming methods. They could wipe out the fruit fly which destroys so much of the olive crop.

My Texas friend's answer was that the people are too proud to change—too proud to ask for help. U. S. technical assistance for Spain could do wonders, for the human and material resources are all there.

The great paradox of Spain today is how its common people can be so happy, can dance, sing and enjoy life as they do, in the midst of all their poverty, dirt and disease.

My Texas friend had an answer for the riddle. "You don't need to feel sorry for these people," he said. "They have it better now than they've ever known before."

County and borough authorities are investigating the finding of a well developed child, weighing about five pounds, in garbage disposal dump of Valentine Company on Cobham Park Road. Discovery was made by George Blesch and John Hudock.

Carol service and Holy Communion will be celebrated at Trinity Memorial church with Miss Ethel McCray, director, and Miss Jean Robertson, organist, in charge of the program.

Despite an almost steady and decidedly uncomfortable down-pour of rain that accompanied the formal arrival of winter in Warren, streets were thronged with shoppers all through day and evening, with borough taking on real holiday attire.

Despite fact that Santa Claus suffered fracture of two ribs in accident in Sheffield department store when he met hundreds of young folks, he was at Elk club this afternoon greeting "Warren tots." Though strapped up with adhesive tape he believes he will be able to ease down the chimneys Christmas Eve as usual.

## Tips On Tuning

may Day will have many special programs that will be listed here. First, the special programs on WNAE and if there is any space we'll have a few notes about the Mutual programs on WRRN.

The Story of the Nativity will be the first special program on Sunday and it will be heard at 2:00 p. m. The star of the program will be Walter Hampden with a fine supporting cast. The Warren Boy Choir will be heard in its Christmas program on Sunday afternoon at 2:30. The story of the Christmas tree will be related in the tale of the "Little Balsam" at 3:00 p. m. The last special program of the day on Sunday will be the St. Joseph's Girls Choir to be heard in a half-hour program at 4:00 o'clock.

Monday is just crammed with special programs to match the Christmas holiday. Don will be on hand for his morning show right at 6:00 and probably will have a number of youngsters trying out their new radios on him. The first special program for the day of days will be at 8:30 with the story of "Just Another Boy." By 9:00, most people will be up and about and the half-hour will be devoted to a salute to Christmas 1951. Since most Christmas dinners will be well on their way towards being finished at 10:30, Fun With Food will take a rain check (or maybe a snow check) for that day and the Schneek kids will get a chance to say Merry Christmas again this year. Their Dad has been trying to get them to come through with the punch line for this family Christmas pro-

gram for three years now with no success. This may be the year. Jan and Jon's Christmas, with a little help from Mom and Dad, at 10:30 on Christmas morning. This program will be followed by a very fine program featuring Ted Malone and a fine musical cast. This program will last until 11:15.

The afternoon will feature first a special Italian Christmas program at 1:30 with greetings in both Italian and English. Bill Hill will give another of his fine programs at 1:45 until 2:15. Loretta Young is starred at 2:15 in the story of the "Littlest Angel." From 2:45 until 3:30 WNAE will present a special local program called "Christmas in Warren, 1951." This program will consist of recordings, some previously heard—others new, of various groups in Warren presenting their Christmas programs. Excerpts from the school concert, school broadcast, Boy Choir program, St. Joseph's program and some others that are put away for the purpose will make up this program. There will also be some talk features on the program with bits of information of Warren interest. This will be one of the highlights of the Christmas broadcast day and will be very definitely a Warren program. The final program of the afternoon, other than the news and sports, will come at 3:30 with a musical program with Vincent Lopez as the master of ceremonies. All the programs are designed to make your Christmas Day more enjoyable with your radio to bring you entertainment in the real Christmas mood.

Mutual also has some fine programs on Christmas eve that will be heard on WRRN with the Presbyterian church service to be heard at 10:30 to 12:00.

Next week's concert will be televised.

For tonight (Friday): NBC—8 Roy Rogers drama; 8:30 Martin and Lewis comedy; 9 Duffy's Tavern; 9:30 Short Story; 10 Night Beat Mystery.

CBS—8 Musicland USA; 8:30 George Price's Big Time; 9 Paul Weston Show; 9:30 Waxworks; 10 Capitol Clockroom, Rep. Clarence Brown of Ohio.

ABC—8 Dick Powell's "A Christmas Carol;" 8:30 This Is FBI; 9 Ozzie and Harriet; 9:30 District Attorney "The Red Finger."

## Report of Progress On New Hospital Is Made to the Board

The bad weather has not stopped the building program of the Warren General Hospital, the two new wings are closed in and inside work is going on with doors and partitions being set and wiring and plumbing being laid.

This information was presented at the regular monthly meeting of the Board of Trustees held in the hospital Thursday. The building, grounds and purchasing committees reported that all members had made a personal tour of inspection and were very pleased at the progress being made.

A report by the house committee discussed certain repairs required in the senior-nurses' home. This building was constructed not long after the main building of the hospital, around 1905. It now has a new roof and interior decorating can be safely done, as well as changes in light fixtures to make the interior more attractive.

The board of trustees voted for the purchase of a new diathermy machine, to be approved by Dr. Eberly. The staff committee re-

ported some discussion among its members in regard to a separate classification for gynecological surgery.

Further details about the meeting will be printed later.

**SANTA COMES TO A PARTY**—Children of St. Joseph's school greeted old St. Nicholas with much enthusiasm in the brightly-decorated school hall Wednesday evening, when the jolly old gentleman presented each one with a gift, candy and fruit from the Parent-Teacher Unit. Gifts were also presented to the parish priests, the Sisters, and the patrol boys. Mrs. Engstrom's Kordon Kids provided enjoyable entertainment for the evening, including some special numbers. The lively affair was supervised by Maxine Lytle and her committee, the evening concluding with refreshments.

## SOCIETY

### Annual Belle Ball Is Successful Event

The annual Belle Ball held in the YWCA activities building last evening was a very decided social success, with 85 couples attending. Co-sponsored by the two high school clubs, Hi-Y and Y-Teens, this dance is always keenly anticipated by students as the big holiday attraction.

Highlight of the evening was the crowning of the King and Queen of the ball, Marjorie Nicholson and Gary Ettinger, and presentation to them of identification bracelets bearing the date of the party.

Emile Emerson and his orchestra furnished delightful music in the gym and the parlors were opened to the party. Punch and cookies were served during intermission.

Adult guests were Mr. and Mrs. Homer Barr, Mr. and Mrs. Leon Christiansen, Mr. and Mrs. Charles Tranter, Marty Sable, Jean Spencer, Allen Anderson, Paul Mutzbaugh and John Stachowiak.

Blue and white streamers were strung over the entire dance floor to create a false ceiling of squares and from these were suspended large and small snowflakes. Angels and stars were scattered about the walls and artificial snow on the floor added to the wintry effect.

Appreciation of all present was expressed to the co-chairmen, Cecelia Toscano, Marjorie Wilson, Dick Smith and Dave Woodruff, and to their committees for the clever arrangements. Heading the various committees were Lois Bosin and John Mangus, business managers; Margie Carlson and Jon Pearson, publicity; Laura Cosmano and Dick Lundahl, refreshments; Mary Anderson and Bob Harrington, tickets; Gretchen Schumacher and Chuck Johnson, decorations.

### Reports Are Made At Meeting of YM Board of Directors

The regular monthly meeting of the YMCA board of directors was held at the association building last evening, preceded by a dinner at which the Christmas motif predominated.

In the absence of both the president, W. Howard Alexander, and vice president, Don H. Mowell, Bracket Ayers, recording secretary, was in charge of the session. The chairman requested Charles G. Koebly to act as secretary and called upon Frances Hetrick to lead the devotional period.

Ed Johnson, treasurer of the association, gave his report, with committee reports presented by the following chairmen: building repair fund, N. D. Paterson; boys' work, Charles Koebly; building committee, Hilmar Roos; membership, Harold Hampson reported for Chairman Don Mowell; industrial, Hilmar Roos; personnel, Roy L. Blodgett; public relations, S. Knox Harper; christian emphasis, Francis Hetrick; and World Service, Harold Hampson.

In presenting his report, General Secretary Dan Walton expressed commendation to the leaders and workers of the membership campaign conducted last month, in which drive they secured a grand total of 709 members.

By action of the board last evening the YMCA building will be closed all day on Monday, December 24, as well as on Christmas Day, because of the heavy schedule of activities being conducted for the boys during the other days of the holiday season. These special events in the boys' department got off to a fine start yesterday when 40 different members took part in the opening day of the holiday game tournaments.

The second part of the meeting was chaired by Harold Hampson upon the request of Mr. Ayers, who had to leave before the meeting was adjourned.

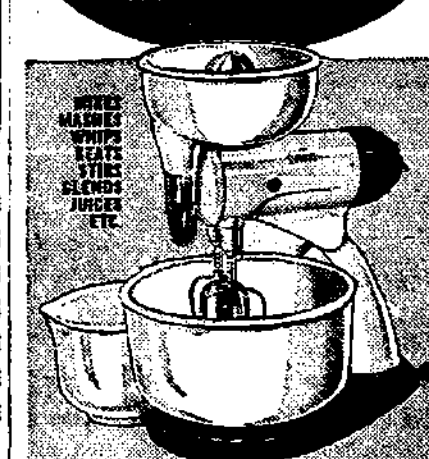

The Azores first became a way station for fliers in 1919 when a Navy plane hopped there from Newfoundland on the first trans-Atlantic flight.

### Christmas at South Street

Since Thanksgiving time, art classes at the South Street School have been full of activity in preparation for Christmas. At the close of school Wednesday, each child had created some gift to carry home to his or her parents and grades 5 and 6 had placed in the windows of their classrooms white silhouettes depicting The Christmas Story.

On Friday, December 14, pupils of the opportunity room, the kindergarten, and first and second grades presented a Christmas program to a full auditorium of parents and friends.

This Wednesday morning, exercises were held around a large Christmas tree which had been placed in the hall by the PTA. Following this, a strip film, "The Shepherds Watched," was enjoyed.

The sixth graders presented for the intermediate grades a special program called "Christmas In Many Lands." As added features, Bonnie Tremblay entertained with a tap dance and Gale Scholes, as violin soloist, played several carols.

To conclude the Christmas festivities, the children had a session of carol singing, a visit from Santa Claus, who presented each child with a candy cane, and parties were held in individual classrooms.

At a meeting of the Russell Volunteer Fire Department and its Auxiliary, last night, it was voted by each organization to contribute \$25 to start a fund to be used by Mr. and Mrs. Cowles to aid the unfortunate children, all of whose possessions and clothing were destroyed. Gift jars have been placed in various stores about the Russell, Lander and Sugar Grove area, and \$45 had been given in Russell by this morning. The money will be used solely in aiding the children. It was also requested today that flowers be omitted as a gesture of condolence at the burial of Vernon Roberts, and that the money intended for this tribute be added to the fund to aid his brothers and the other children.

The victims are badly in need of clothing, and kind-hearted residents who have any articles to donate may leave these at the fire hall in Russell.

WARREN FACES IMPROVED SHEFFIELD HIGH CAGE TEAM TONIGHT

Business College Holds Second Place In Survey Shows Best City League By Beating Wiggers, 52-45; College Athletes Paul's Atlantic and Style Shop Tie for Third Good in Classroom

Fast action seen in the Y-City league the past several games showed down last night with Warren Business College grabbing second place in an easy 52-45 win over Youngville Wiggers. Paul's Atlantic slugged the Rockets 49-38, in the second tilt to tie into a two-way tie for third position with the Style Shop.

Hopping to a 14-9 first period lead, the Schoolboys kept adding to their score until the fourth stanza when they were outdistanced 16-12. They were in front 38-19 at half time and 40-29 by the close of the third frame.

Finding the hoop for an even dozen field goals and one free throw, Bill Weidert paced the College doormen's attack with a high 25 points. Second in scoring for the victors was Bob Wolfe with 10. Lefty Haight and Welsh topped the out-of-towners with 16 and 11 respectively.

Robertson, Atlantic center, and Dick Knight teamed up to pour in over half their team's points, with 17 and 13 counters respectively, in a 11-point victory over the Rockets.

Paul's quintet built up its deciding margin in the first half by scoring 15-11 in the opening quarter and doubling the score 12-6 in the next frame. After intermission, the maroon-clad cagers held their opponents to a 8-7 advantage and tied them 14-all in the last period.

Top man for the Rockets was lanky center Jim Peterson, who hit for five FG's and one charity toss for 15.

**Alumni Threatens Tidioute's Record In Fracas Tonight**

With three wins in three starts under their belts, Tidioute High courtmen will be aiming to keep their slate clean tonight when they take on an Alumni five.

Coach Charles Anderson has directed his down river squad to victories over Townville, Warren, and Farmington, and with the fine performances given thus far, it looks like Tidioute is in for a good year. Especially with top contenders like veterans Joe Kelly and Bob Schwab to rely on.

The remainder of the team's schedule is as follows:

December 25—Townville.

January 2—Pleasantville.

4—Sugar Grove, away.

8—Hickory.

11—Youngville, away.

15—Marienville.

18—Floroda, away.

22—Sugar Grove.

25—Hickory, away.

30—Youngville.

8—Sugar Grove, away.

12—Hickory.

15—Youngville, away.

19—Marienville.

23—Thonesta, away.

26—Pleasantville, away.

U. of P. Tidioute also has one make-up game to be played with Farmington, which was cancelled on December 14 because of weather conditions.

New York, Dec. 21—(AP)—An Associated Press survey of All-America football players and leading teams showed today that many average students—contrary to the general idea.

Notable among the headliners who also shine in the classroom are Dick Kazmaier of Princeton, Hank Lauricella of Tennessee, Bill McColl of Stanford, Jim Weatherall of Oklahoma, Joe Palumbo of Virginia, Dewey McConnell of Wyoming, and Bob Ward of Maryland—all first team All-America.

The fact is that the modern collegiate game has become so fast that the slow, dumb type of athlete can't make the grade.

Tennessee's team, top ranked nationally, averaged 2.52 against a perfect academic score of 4.00, which would be All A. The University average for all male students was 2.10. Lauricella averaged 2.6 and made the honor roll in two out of three quarters. Full-back Andy Kozar made 2.8.

Palumbo averaged just below B and collected 133 hours of academic credits in three and one-half years. Most Virginia students take four years to earn the required 120 hours for graduation.

Bill McColl, Sanford's towering end, has a B-plus average and is a pre-medical student.

Dick Kazmaier, the Princeton gladiator back of the year, is a major in psychology with a B-plus average which is just below Phi Beta Kappa rating.

Weatherall, the Oklahoma two-time All-America tackle, majors in business administration and has a B average.

Bob Ward, another two-time All-America, has a B-average at Maryland in business administration, and was vice president of the student governing council but had to resign because of "family" pressure. He has a wife and two children.

Bob Carey, Michigan State end

**Kentucky, Illinois Strengthen Claims**

New York, Dec. 21—(AP)—Kentucky, defending NCAA champions, and Illinois, Big Ten titlists, strengthened their claim to topnotch national basketball ranking with decisive victories over DePaul and North Carolina last night.

Kentucky, ranked second (a ranking determined before the Wildcats walloped St. John's, the current No. 1) set a new scoring record in Lexington, Ky., by thrashing DePaul, 98-60.

Illinois, ranked third, ran North Carolina ragged to win easily, 86-66, at Champaign. It was the fourth straight triumph for the unbeaten Illini.

who also stars in track and basketball, is rated better than average in the classroom and Purdue's Leo Sugar is another end above the average level.

Dartmouth's captain, William Vesprini, has a B average, and Wisconsin's captain, James Hammond, an offensive fullback, specializes in horticulture with an average close to A.

Bill Fenton, rugged sophomore at Iowa, had nothing but A's on his final freshman report card.

Jack Crocker, Tulsa back, is majoring in education with a B-minus average, and end Warren Virgins of Louisiana State is another pre-med with an average just short of B. Bob Evans, the pre-medical student who will captain Pennsylvania's 1952 team, is a B student and Bill Wade, Vanderbilt's spectacular passer, has a B-plus average.

**SCHOOL FACILITIES**

Harrisburg—Dr. Francis B. Haas, Superintendent of Public Instruction, has announced the creation of a new agency in the Department of Public Instruction for the purpose of compiling accurate and comprehensive data concerning the status of school facilities throughout the Commonwealth.

GOOD RECORD IS SHOWN BY SANTO SQUAD

Currently suffering a three-game losing streak, the Warren High Dragons will venture up Sheffield way tonight to attempt their second victory over the county foe. The Wolverines are the lone victims of the Blue and White this season in their five games on the hardwood, losing here by a 51-35 decision December 7.

Game time is 8:30 in the high school gym, the prelim starting at 7:15.

Coach Ralph Santo's squad is now boasting a better than .700 average with five wins against two losses. They have beaten both Youngville and Tionesta twice and split with Smethport, winning on their home court.

Last Tuesday the Sheffield mentor played a depleted five-man team and won out by a three-point verdict from the Dunklemons. At that time two of Santo's starters, letterman Larry Fitzgerald and Dick Wenker, were ill with the flu. According to the Sheffield coach this morning Wenker will be back to start at center tonight, but it is still doubtful whether the veteran guard will be ready for action.

Other first-stringers on the Orange and Black quintet for tonight are Nick Hedman and Gerry Carr at the forward slots and Dave Gustafson and Hanson at the guard posts.

Cast aside their 55-45 trimming by the Kane Wolves earlier this week, at least until the return match on the Hilltop January 15, the Massamen are set to use the Wolverines as a means of crashing into the win column once more.

Although having lost two since the slaughter at Jamestown, the Warren club has shown considerable improvement and in a short time should be a fairly shined up team.

Coach Joe Massas is finding it difficult to work up a satisfactory lineup that will boast the Dragons' shooting percentage, but is most likely to start Jon Pearson and Ricky Scallise in the guard spots, Bernie Gray in the pivot, and either Bob Harrington or Jack Mowell and Ron Isackson at forwards.

The Christmas gift no man ever exchanges

OF ALL THE GIFTS you can give, fine whiskey is the only one that is always right... always welcome... always in good taste.

When you choose whiskey as a gift, we suggest you buy a preferred brand. Your dealer can tell you there is no greater name in whiskey than Schenley.

This year, Schenley—the House of Rare

Whiskies—has packaged its fine whiskies in luxurious cartons to add dignity and beauty to your gifts. These gift cartons are available at no extra cost.

This Christmas, give the gift that everyone on your holiday list will welcome, that no one ever exchanges. Give the most appreciated gift of all: fine whiskey.

**SCHENLEY RESERVE**

Here's one of America's most popular whiskies, richer, milder, far more pleasing to the taste. Master distillers skillfully blend rare whiskies with smooth spirits to make this finer whiskey.

**Choose your gifts from the fine Schenley brands.**

**OLD SCHENLEY**

Straight Bourbon or Rye Whiskey, 100 proof, 8 years old. Bottled in Bond. Twice as old as most Bottled-in-Bonds. Now available—in limited quantity—for first time since Repeal.

**Sir John Schenley**

Blended Whisky, 86.8 proof. The straight whiskies in this product are 8 years or more old. 35% straight whisky, 65% grain neutral spirits.

Foul Shooters Vie In Contest At "Y"

Bill Mulvey, physical director at the YMCA, announces the following winners in the foul shooting contest held in the gym yesterday to open special holiday activities for members of the boys' department.

Cadets—Teddy Tourtellott, first; juniors—Dick Dunn, first; Tom Trussler, second; and Paul Bova, third; older boys—Mike Kotzmar, first; Joe Gordida, second; and Tom Kramer, third. Each of the winners received an emblem.

The next contest of this sort will be held December 27, starting at 9:30, 10:30, and 11:15 for cadets, juniors and older boys respectively.

Through The Wind Tunnel

TO OPEN SECOND HALF The K. of C. National League at the Arcade Alleys will not hold regular matches next week, but will resume on Wednesday, January 2, when the second half begins.

It is rumored around Warren High that another miss may be showing off a sparkler after the holidays. Guess we'll just have to wait and see. It seems as though diamonds are becoming a tad around borough schools nowadays.

At a service club dinner-meeting at the YWCA Wednesday noon, one of the Kiwanians was so anxious to get an extra cup of coffee that he wound up with a cup of ice water instead.

**RESUME JAN. 2ND**

An announcement comes from the Penn Bowling Center that the Ladies' Minor League will cancel games next week and resume with the second half January 2nd.

GIFTS

Imminent higher gift taxes and lower exemptions are speeding up gift programs... (gift tax changes customarily take effect only upon the date voted.) Inheritance tax rates also appear to be ahead. These are some of the reasons why it is desirable to give to loved ones this Christmas something of a capital nature... something of a present and at the same time a lasting value. Giving an interest in a large number of America's leading industrial companies is one of the finest types of giving, thus providing an income from the gift every three months... something which will remind the receiver of the gift of you four times a year for a long time to come.

This can be accomplished by giving shares in one of the leading investment trust funds... it will instill the thrift habit as it can be added to from time to time... thus increasing the quarterly income as the number of shares grows.

Why not make this Christmas a time for giving the permanent way??? Call, write or phone to our office for information.
